QUESTION 1

One Piece shows how powerful and poignant political messaging can be in the medium of anime. Racism is one of the ways that politics manifests in the world of one piece. The fishman race are half-fish, half-human beings who have been historically used and sold as slaves and still are in parts of the world. They are stereotyped as strong and dangerous, although the majority of them are not.

Queen Otohime is a mermaid fishman who fought for liberation through peace and diplomacy believing in the integration of fishmen into humankind. Her ideology closely resembled a political activist from our world, and many fans believe her to be inspired by him, although it's not confirmed.

Id the activist.

QUESTION 3

In 1982, a toy company bankrolled an anime named Magical Princess Minky Momo. It existed for one reason: to sell the company's merchandise. When sales fell short, the sponsor pulled out, and the writers were left to finish the story on a reduced budget, which made them furious. They stripped Momo of her magical powers. In the finale, she stepped into the road to save a child and was struck by a heavy hauler, painted in bright colors, on its way to restock a shop. The writers later confirmed that one particular detail about the vehicle was meant as an ironic dig at the toy company.

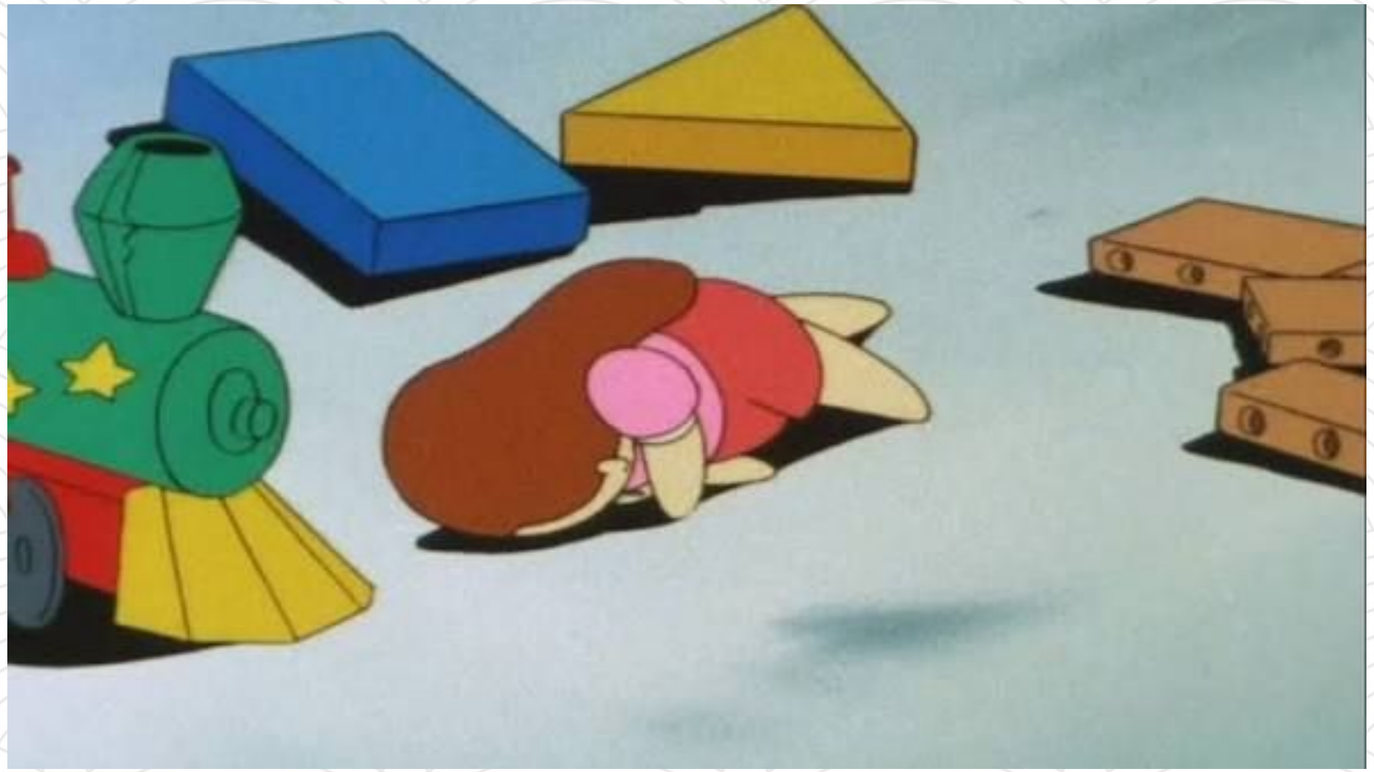

ID this detail.

AV ROUND

RULES

- There will be 6 questions in the round.
- This will be a written round.
- Each question will be scored +10 / 0 .
- Teams to get all 6 correct answers will get bonus +10 points.
- No negatives so feel free to guess.
- QM’s decision will be final.

QUESTION 1

Uri Geller is an illusionist and self proclaimed psychic who was famous in the 1970s. In the 1990s when GameFreak was designing pokemon they made a pokemon that directly copied Geller's iconic trick and was named Yungerer giving it a direct connection with him, leading to Geller filing a lawsuit against the company telling his identity was used without his permission and that he was portrayed as a dark figure with occult symbols on the body. This lead to the pokemon being banned for over 20 years after which in 2020 Geller officially apologised calling himself a fool bringing back one of the most nostalgic pokemons of all time.

ID the pokemon (Image in the next slide)

QUESTION 1

QUESTION 2

X is one of most memorable characters in Jujutsu Kaisen. This is mostly due to his eccentric personality and passion for games.

Even X's technique is very unique with it having own soundtrack. When fan made animations were uploaded, a song in Y genre was used, believing that it matched the vibes of X.

However the author had already wrote a theme song for X called “Admiring you” which made sense for him as a outwardly tough person with a passionate and loving inside.

Id X and Y. (audio in the next slide)

QUESTION 2

QUESTION 3

The pokemon X and its evolution line was made as a tribute to the famous japanese traditional comedian Sanpei Hayashiya. X's iconic pose was also taken from Sanpei's gesture which he did when his jokes messed up or he got roasted by putting his right hand on his forehead in a salute posture and telling "that's the way it is" the translation of which became the japanese name for the pokemon. Even the pre-evolution of this pokemon was made on Sanpei's line which could be translated to "Is that so ?". Making these 2 pokemon be in an infinite conversational loop with each other.
