ANIME QUIZ

Prelims Round 1

Rules

- The Prelims consist of 15 questions.
- It’s a written round, so please don't shout out the answer.
- Marking scheme will be + 10 / 0
- There are no negatives, so feel free to guess.
- Don’t use ChatGPT, Gemini or any AI.
- QM is the king of the pirates and their decision is final.

Question 1

Hajime Isayama, the creator of Attack on Titan, is a huge fan of the **groundbreaking** series X, so much so that he has paid homage to it in his work. One such homage was a Titan drawn with Y's distinctive grin, which Isayama included simply for fun. Y later went on to have a spin-off series of his own and was known for his antics and schemes.

ID X and Y.

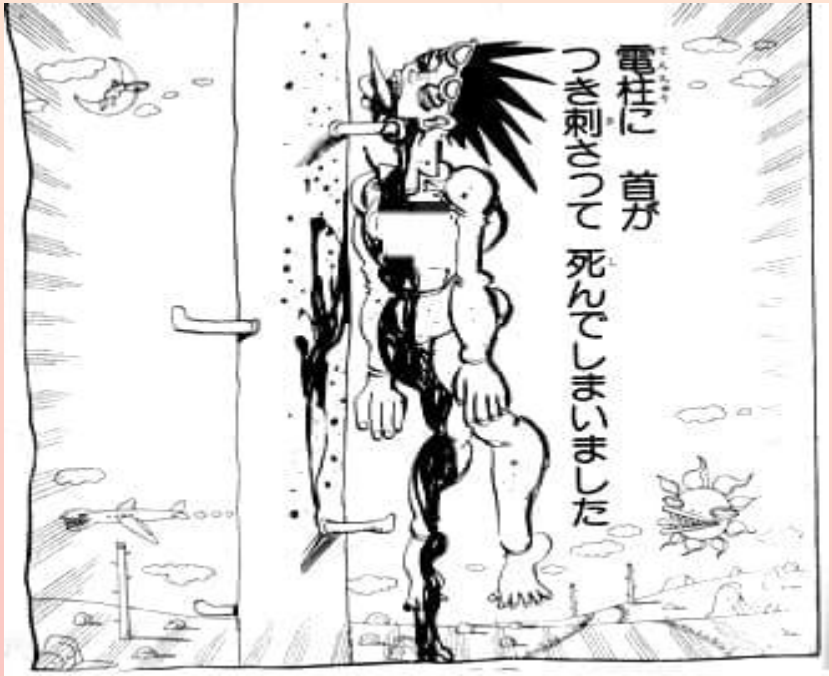

Question 2

Jojo’ s is a series known for its heavy referencing of other media and events. In JoJo's part 3, first serialised in 1993, the protagonists have to fight against two **twin** brothers with the power of divination. They create accurate predictions which manifest as a picture book which is then read.

(continued in the next slide)

Question 2

Many years later, once the anime adaptation came out, a curious element of one of the pictures made many fans believe that the series had begun to reference events that were yet to happen and many conspiracy theories arose around this. Id what event was predicted.

電柱に 首が
つき刺さって 死んでしまいました

Question 3

After watching Spirited Away (2002), a Hollywood actor became so fascinated by Studio Ghibli that he wanted to be a part of their movies, even for a minor role. When the opportunity to voice a Ghibli character came up, he was surprised to find out that he got the role of Howl (MC) in "Howl's Moving Castle" (2004).

(continued in the next slide)

Question 3

The actor, most famous for playing dark and gritty or borderline psychotic characters, was chosen to play the witty, flirty and dramatic character of Howl, which is a stark contrast to his most famous roles. Similar to the character he played, the actor was known for undergoing transformations from one role to another.

ID the actor.

GUESS THE CHARACTERS

Question 4

The anime X is known for its world building and a vast number of characters. The creator, who is hailed as one of the greatest manga artists of all time, spent a lot of time to incorporate small but notable details into these characters. One such detail is the naming of the most important members of the Y, a very influential group in the anime.

(Continued in the next slide)

Question 4

The top three members of the Y were named in such a way that their names resembled precious metals in descending order of their value. This was done to show a hierarchy within Y.

ID X and Y.

Question 5

A major arc in a famous shounen manga introduces a game that initially appears to be nothing more than a fictional board game.

However,the game becomes much more important than that. One of the strongest characters in the series becomes obsessed with mastering it, while the person who plays against him gradually becomes important enough to challenge his understanding of humanity itself.

(Continued in the next slide)

Question 5

The fictional game was heavily inspired by and constructed based on actual traditional strategy games. ID the anime and the real world board games that it was based on/inspired by.

Question 6

Hunter x Hunter is a foundational anime series known for its expansive worldbuilding, innovative power systems, and detailed art. Its manga was first published in 1998 and so has been running for almost 3 decades now. However, still the story is far from its conclusion due to an enormous amount of Xs.

(Continued in the next slide)

Question 6

This is primarily due to the health of its author and his insistence to do all the artwork himself. Due to this fact many fans have joked that the abbreviation HxH (Hunter x Hunter) instead means X x X. Id X

GUESS THE CHARACTERS

Question 7

At the crunchyroll awards in 2025, an anime X, had won against Y S1, for the best anime. Many people even the fans of the anime X, claimed that Y deserved it more than X, because of Y's heartfelt story about love, time and its soundtrack and screenplay were miles above X's.

(Continued in the next slide)

Question 7

Y's fans were so furious about the awards, that they claimed Y was many levels above X.

The reception of Y season 2 was so good that its first episode, had topped MyAnimeList.net in terms of rating.

Identify X and Y

Question 8

The Kyushu region of Japan has a very warm climate being a place filled with hot springs, volcanoes , seashores and islands . Nagasaki, one of the major ports of this region, became the inspiration for a major city in one of the most famous anime, the show also used the mount Aso a volcano located in that region to draw inspiration for the lore of the anime season giving it a perfect land vs sea story.

Id the fictional place which was inspired from Kyushu

Question 9

This Overwatch 2 frame shows Ashe, Cassidy, and Bob on a train roof against a bold orange background filled with kinetic typography. Which 1998 anime's iconic opening sequence is this stylized frame paying homage to?

Question 9

OVERWATCH 2
Whether I'm
headed for

Question 10

In February 2026, when the prominent artist X visited the SEGA HQ in Japan, a lot of fans pointed out that his look resembled that of the principal in Jujutsu Kaisen Masamichi Yaga.

Following this, in July, X met the creator of Jujutsu Kaisen Gege Akutami and had a dinner with him, where he received a custom illustration featuring him and Yuji (shown in the image).

ID X.

Question 11

In 2006, a relatively obscure anime (Yoake Mae yori Ruriiro na) featured a notoriously lazy cooking sequence that sparked massive internet outrage. A character was shown chopping a specific vegetable, but due to budget and time constraints, the animators simply drew it as a perfectly smooth, solid, green sphere that looked and behaved exactly like a bowling ball.

(Continued in the next slide)

Question 11

The resulting mockery from fans was so intense that it created an unwritten rule in the industry. Today, to avoid similar embarrassment, animation studios will go out of their way to animate this specific item with hyper-realistic, movie-quality detail, even in low-budget shows, just to prove to the audience that their production values are high.

ID this item.

Question 12

Pompo: The Cinephile tells the story of Gene Fini, a young production assistant who loves, lives, and breathes movies. In the movie, Pompo, who is a well-known producer, scolds Gene for enjoying a longer film. She admits that she dislikes films that run over 90 minutes, as she was forced by her grandfather to watch many long films.

(Continued in the next slide)

Question 12

When Gene finally gets to make his own movie, he sacrifices his sleep, health, and sanity at the editing desk to chop a massive amount of footage down to the perfect cut. He finally finishes editing and shows it to Pompo, who for once is moved enough by a movie to sit through the credits. The same rule is also followed by the actual movie, Pompo: The Cinephile

id whats the rule/similarity between Gene's movie and Pompo: The Cinephile

GUESS THE CHARACTERS

Question 13

In the climactic space battle of Macross: Do You Remember Love? (1984), animators were racing to finish a sequence with hundreds of missile trails and explosions. One of the animators, apparently working through a long overnight shift, decided to swap one exploding warhead for something else entirely. The object was drawn with unusual care, in metallic red and silver, with the pull-tab catching the light. It stayed on screen for exactly one frame.

(Continued in the next slide)

Question 13

Decades later, fans who went through their home copies, frame by frame realized the animator hadn't drawn a weapon at all, but something cold he'd been enjoying at his desk that night after a long day of work, a drink you're not supposed to have while still on the clock.

ID the object he had drawn.

Question 14

X is a romance drama anime, based on a manga written and illustrated by Naoshi Arakawa.

When Arakawa first thought about the idea, he wanted to base the story around two artists with a _____(6). He later felt that the panels were difficult to draw, and changed the idea to make one of the characters use a ____(5).

The anime X is beloved by its fandom, with fans posting stories and edits about the anime at a particular time every year.

ID X and fill in the blanks.

Question 15

X is a romance drama anime, based on a manga written and illustrated by Aka Akasaka.

When Akasaka first conceived the story, he wanted to portray high-school romance and the fantasies of youth, despite his own limited experience with dating and romance. He did not want it to be a simple romance, so wanted the two main characters, who are in love, to constantly engage in mental duels.

(Continued in the next slide)

Question 15

He initially wanted these mind games between the two characters to be severe, intellectual battles like those in the popular anime Death Note, but eventually shifted the focus towards the clashing of romantic emotions.

ID X.
